Syracuse, N. Y., June 22.—An investigation of the launch accident which resulted in the death of 13 people in the Oswego canal last night is being made under direction of Coroner Moore. There were 20 passengers on the boat and it was reported today that the boat was licensed to carry not more than 10 passengers. Only seven of the 20 were reported saved.

The launch struck a stump in the canal and capsized. A rescue party was immediately formed to search for the bodies, but because of the intense darkness, which also made rescue work impossible, only two of which were recovered.

Horse-Shoers Will Not Ride In Autos

Memphis, Tenn., June 22.—The International Union of Journeyman Horse-shoers which began their annual meeting today struck a snag when the committee expected the horse-shoers to ride

about the city in automobiles instead of horses and carriages. "We are not going to favor the automobile in any way," said H. S. Marshall, of Cincinnati. "We want horses or none." The change was made.

RAILWAYS WIN FIGHT FOR TITLE TO MILLIONS OF ACRES OF LANDS

Washington, June 22.—Transcontinental railways won their fight for title to some seven hundred million dollars worth of oil lands held void by the clause in the patent making the land revert to the government if found to contain minerals.

"In every case before this court," said Justice Vandewater, "we have held that where the law says only mineral or home-steel lands are to be granted by the land officials, the officials do their duty of ascertaining whether that land came within the law and that they could not perform their duty by inserting exceptions that the land could not pass, if found later, not to be within the law."

The court held that the patents were irregular and could not be attacked collaterally by other claimants, but could only be set aside by a direct attack by the government. Justice Vandewater emphasized the claims that the government's time in which it could attack the patent had expired in 1900 or 1901.

Columbus, O., June 22.—Pro-Graves who voted the Bull Moose ticket in 1912 cannot take part in the Republican primaries this summer. Secretary Graves ruled that none but bona fide Republicans can help pick Republican candidates for office.

Chicago, June 22.—The psychology of a "religious engagement to wed," is the consequence in case of a "religious breach of promise" and the caution that it is advisable for an evangelist to exercise under such circumstances, are set forth in cold logic in a brief filed by Attorney Cyrus Herin, counsel for Miss Georgia Jay, with Judge Honore.

The purpose of this brief is to prevent the granting of a new trial or a reduction of the \$20,000 verdict returned by the jury against Homer Rhodeheaver, church master for Billy Sunday, in favor of Miss Jay, who sued the singer for \$50,000 for alleged breach of promise.

Attorney Herin argued that it will not require "20 years" service for Rhodeheaver to pay the \$20,000 verdict. He released part of the testimony to show that his net annual income from his occupations as singer and book publisher is \$10,000. Two years' net earnings are not too much, according to the brief.

It is expected that Judge Honore will take some action in the matter Saturday, June 27.

Robel Delegates Enroute
Washington, June 22.—Fernando Calzon, the most influential of the lesser chieftains in the Mexican constitutionalist inner circles, will reach this city late tomorrow. With his appearance the rebels will have a representative on the ground of the mediation conferences. As a result officials here believe the United States commissioners at the Falls will be able to proceed with any plans of settlement, and the Mexican constitutionalists may be consulted without the delay heretofore caused while officials were consulting with Carranza.

Calzon comes, it is stated, clothed with power to pledge the constitutionalists to any plan that will end the fighting in Mexico. Meanwhile the officials here say the crisis in the mediation proceedings has passed. The other constitutionalist representatives are Alfred Breceda, uncle to Carranza, and Leopold Espinosa, member of congress during the Madero administration.

I hope those good folks who have been kicking so strenuously for a new deal in the weather are satisfied. I had the weather real cool and "comfy" last week but somehow it didn't seem to "take" so I've concluded to let the electric fans and the refrigerators have an inning. Here's for tomorrow: Ohio—Unsettled tonight and Tuesday. Probably thunderstorms. Kentucky—Unsettled tonight and Tuesday; probably showers.

Lively Trial Is Held Before Mayor Monday, Two Get Stiff Fines

Despite their repeated protestations of innocence, the mayor Monday morning found Oscar Ruark, a former patrolman, and Albert Yuenger, guilty of the charge of interfering with a police officer, preferred by Captain William McCarty. Ruark was fined \$50 and costs, and Yuenger \$25 and costs. Both fines, however, were suspended, pending good behavior on the part of the accused.

Their arrest followed the report by Captain McCarty that the two men followed him about the streets of the city in an automobile last Friday morning between the hours of midnight and 2 o'clock, jeering at him and hurling uncomplimentary remarks at him while he was in the discharge of his official duties. McCarty was the principal witness against the two men at the hearing Monday morning, and his testimony was corroborated by Officers Flowers and Cooper, and partially substantiated by Officer Schlichter.

Yuenger strenuously denied having had a part in any such occurrence, and claimed that he was riding around with Ruark for the sole purpose of "cooling off" after a hard day's work. He insisted that he was friendly toward the police department, and would assist them in any way possible rather than interfere with them. The evidence showed that Yuenger's offense consisted mainly in being a passenger in the machine which the captain of police claimed was following him from one street to another.

Both Ruark and Yuenger were represented by counsel, and entered pleas of not guilty. Ruark was represented by Attorney W. H. Sprague, and Yuenger by Edward Decker. At first the accused men refused to testify, but when the mayor informed them that their refusal to testify would be taken to indicate that there were some grounds for the charge, they suffered a change of heart and took the witness stand.

Captain McCarty testified that he first noticed the machine following him when he was walking

dismissal from the service; and with otherwise attempting to bring dissension and discord into the department.

In closing, the mayor stated that he wanted to be lenient in dealing with him, and to that end would suspend the payment of the fine pending his good behavior. He notified the officers, however, to watch his conduct in the future, and if he was ever caught in the same attitude as he evidenced last Friday morning, to order him into police court. The next time, the mayor stated, he would be arraigned under a state law which provided imprisonment as part penalty in case of conviction on the charge of interfering with a police officer.

Yuenger stated after the hearing that he intended to carry his case to the common pleas court. He said that he was not guilty of wrongdoing, and did not propose to be branded as such before the public at large. Ruark also expects to carry his case to the higher court.

THEATRICAL

At The Casino

Did you ever hear of anyone working and calling it a vacation? That is just what certain members of the Casino Stock company are doing at the present time. Many of the plays presented so far have been done before by different members of the organization, hence their vacation. Alas, for the others a combined plugging to keep up the reputation of the company which has created such a favorable impression on the theatre loving public of Portsmouth, not alone this city but the surrounding country as there are many automobile parties arriving each week from Ironton, Wheelersburg, etc. Having out of town patronage that alone ought to speak for the merits of this organization to those who haven't paid a visit to the Casino this summer.

The play to be presented this week is entitled "A Romance of Kentucky," when every member of the cast will have parts suited to their abilities. No individual names may be mentioned as standing out for their different portrayal of character on account of the splendid opportunity of each to show their different characterization of the part assigned. It is needless to say that scenically, electrically and all that goes to make a good performance nothing will be omitted as it is the motto of the company to go ahead and try to improve on each consecutive week's production. Commencing tonight and continuing during the season dancing will be the order of the day, for everybody attending the theatre, half hour before the performance, between the acts and half hour after the performance is over. Last but not least the management promises a treat to each and every child presenting a ticket next Saturday matinee, when an ice cream cone will be given free.

BI-CHEMIC DOCTORS TO MEN

It is conceded that one out of every eight people are suffering from Hernia (Rupture) and yet a great percentage of these sufferers go through life without being cured, owing to the dread of an operation and its uncertainty as to whether the operation will cure them. It will be news to many who are afflicted with this trouble to learn that Hernia is cured without the use of the knife, without detaining a person from business and accomplishing without pain by the Bi-Chemic Doctors, who have their Portsmouth office on the third floor of the Moderne Temple building. The Bi-Chemic Doctors inject a fluid at the ruptured spot that draws the ends together, and by this means have a cure of cases cured the rupture with a few treatments.

Varicose and Hydrocele (two troubles that impair vitality), can be cured very often in one treatment by unique methods so satisfactory that the vital parts are preserved and without pain, pain, cramps, swelling subsides, a healthy circulation is rapidly re-established, instead of the depressing condition. Recent diseases, such as Piles, Hemorrhoids, etc., are painful conditions, causing distressing nervous relaxation and can invariably be cured without an operation or detention from the usual duties of work. This treatment causes little or no pain, and results from treatment are very rapid.

Kidney, Bladder and Prostatic diseases may have more complications than are presented by any other diseased organs. The greatest care is used in learning a patient's exact troubles and then suitable treatment is used to eradicate this trouble. Specific Blood Poison can only be cured by the most careful treatment. In suitable cases of this disease the new modern "606" is used. This marvelous remedy is the invention of Dr. Paul Ehrlich, the famous European physician and winner of the Nobel prize.

Samuel, Ohio, 11, 5, 13. To Whom It May Concern: The writer wishes to state that he has taken treatment from Dr. Roux of the Bi-Chemic Doctors, for the past few weeks and will say that I am more than pleased at the result in my case. I am now well and healthy after two years, having taken treatment from a number of Bi-Chemic doctors and specialists. These doctors know their business and the diseases in which they specialize. I have recommended them to those of my friends who were unfortunate like myself and I know many of them have been cured. I wish all who are ailing could have the advantage of the expert attention of these famous specialists. Respectfully, ALBERT LINZ.

There are many other diseases and ailments too numerous to mention, that the Bi-Chemic Doctors treat with great success, among which are diseases of the nerves, heart, brain, spine, including rheumatism, paralysis, epilepsy, catarrh, deafness, asthma, constipation, eczema, dyspepsia, indigestion, dropsy, lung trouble and diseases of women.

Office hours daily, 9 to 12; 1:30 to 5:00; Mondays, Wednesdays, Saturdays, evenings, 8:30 to 9. Sunday, 10 to 12.

Many are taking advantage of the Grand Free Offer being made by these specialists at this time. The only cost being for medicines and their distribution.

Picking Up Money

Using these columns is pretty much like picking up money on the streets. Walking is small effort, you wear out a little, the money you pick up is clear gain, if you can't find the owner.

So it is little effort to telephone your "want" to this paper, your carrier will collect the little cost—only 75 cents a word each insertion—and the little ad is altogether likely to get for you what you want.

MORE than nine times out of ten you will find that the successful man began his success by first being a prudent man. He early learned the value of saving and began putting his surplus in bank. There is character and force about the man who has money in bank. He begets confidence in himself and confidence and credit from the community. He becomes recognized as safe and dependable. Opportunities begin to come his way and having some means he is the better able to profit by them.

The first step towards success is saving. We want to help you in that step and we offer you the security and facilities of our bank. One dollar will open a savings account and we allow interest on all savings deposits and compound the interest.

Drill Team Back
With Prize Money

Members of the degree team of the Modern Woodmen, No. 3393, that won honor and financial glory at the annual M. W. of A. convention last week in Toledo, arrived here, travel-stained but happy Saturday evening.

Under the captaincy of Earl Puckett the degree team got second money in the intermediate class drill and second money in the battalion drill. They received \$150 for the first prize and split up \$350 with Newark, Akron and Columbus, as the drill teams ended the day's work in a tie. The Portsmouth boys all together came home with \$237 worth of prize money. They encountered fine weather with the exception of the first day, which was extremely warm. A. Joseph was overcome by heat and was sent to the hospital. He was able to be in line the next day.

The 1915 meeting will go to Denver or Detroit. Woodman Week will be celebrated at the Panama Canal exposition in Panama and the local degree team will make a special effort to attend this affair, which promises to be the biggest event of the kind ever held in the history of the M. W. of A.

In speaking of the trip, Earl Puckett stated Monday that while exulting at those over the merry battle waged by the "ins" and "outs," it was a great convention and the fine drill work of his men attracted the attention of the thousands of Woodmen who were there from all parts of America.

THE TEST THAT TELLS

Is The Test Of Time. Many Portsmouth People Have Made This Test.

Years ago this Portsmouth citizen told in public statement the benefit derived from Doan's Kidney Pills. The statement is now confirmed—the testimony complete. Instances like this are numerous. They doubly prove the merit of Doan's Kidney Pills. Can Portsmouth readers demand more convincing proof? It's Portsmouth testimony—it may be investigated.

Mrs. James Billiam, 300 East Sixth street, Portsmouth, Ohio, says: "Doan's Kidney Pills made a wonderful cure of kidney weakness and bed-sores, which had annoyed one of the children for several years. There was no control over the action of the kidneys, and although we tried several physicians and different medicines there was no relief until we got Doan's Kidney Pills at Fisher & Strick's Drug Store."

A SECOND STATEMENT. Several years later Mrs. Billiam said: "Since the good results obtained from Doan's Kidney Pills by my child, I have used them myself for weakness in my back. I never had anything do me so much good. I am always glad to recommend Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-McBreen Co., Buffalo, New York, sole agents for the United States.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, vexes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Dolly.—I have been keeping company with a young fellow for over two years off and on, and he is a very nice young man in company. One of his only faults is that he takes dry spells and will not tell what over. But still he never gets mad, but does not call on me as I would like him to. He is a very good worker and has a very good name, and is thought well of by all who know him.

Please advise me of how I can break him of his dry spells.

DOLLY TRIEMPLE.

Everything is dry this weather. I think after we have had a good rain he will be all right.

Dear Dolly.—I want to ask you a question. A young man sent me a box of candy. Christmas and I have never even acknowledged receipt of it. He lives in Ironton and of course I thought maybe I would see him shortly afterwards, but I never. Would it be proper to write now and thank him for it? If I write what should I say?

ANXIOUS GIRL.

It is only courteous to thank anybody for a gift as soon as it is received. If you write now, just say that you had delayed thanking him in writing as you expected to see him and thank him in person, but since he does not find it possible to come to see you, you hope he will accept your full appreciation of the candy, even at this late date. Maybe the girls in Ironton never get down to see you. The girls up there are crazy about those Ironton dudes, and vice versa.

South Bend, June 18.—Dear Dolly.—If a man (married) died leaving property and having no full brothers or sisters living, but having half brothers and sisters living, and having one nephew, his sister's child living, (the sister being dead) who would be entitled to his property, his brother or nephew?

TROUBLED.

I will have to know where the man got the property before I can answer your question. If he purchased it himself, with his own money, then his full sister's child will get the entire estate. But if he inherited it from his parents who were also the parents of his half brothers and sisters, they would share in the distribution of the property. This law, however, is only for the state of Ohio. If you live in Indiana you will have to consult an attorney in that state. Why don't the man make a will and save any squabble over his property?

Dear Dolly.—What will clean tan nubuck shoes?

Thanking you in advance.

BLACK EYES.

You can get a tan polish at the shoe store or shop for tan shoes. You might also get it at a grocery store. Some say banana peel is also good to clean tan shoes.

Dear Miss Wise.—In sending a wedding present should one send it to the bride's home or to where they will reside after their honeymoon, as they won't be home until after July first, and when would be proper to send it, and should one send their card with Mr. and Mrs. on it with the present? What would be nice for a wedding present?

WANT TO KNOW.

Send the present to the bride's home any time before the wedding takes place. Enclose your card with the present. You could have the fruit where you purchase the gift deliver it for you. If the present is from a husband and wife put Mr. and Mrs. on it of course. It isn't necessary to enclose but the one card. Anything in cut glass or silverware is always acceptable. A clock or handkerchiefs would be nice. There are many things one can give. Visit the local stores and you can find many pretty gifts suitable for a wedding present.

Take assorted small boys, don't say. Now quickly stuff with cookies made with

Presto Flour

You too, will smile with delight when you taste them.

Ask your grocer to send Presto. Recipes in and on every package.

The H-O Company, Buffalo, N.Y. Makers of H-O Force and Presto

Dear Miss Wise.—What would make a nice picnic lunch?

OUTDOOR OUTTING GIRL.

Sandwiches, olives, fruit and potato chips. If you want a more elaborate lunch you could take anything else you would like.

Trinity, Ky.—Dear Dolly.—I am a young lady and have a white brassell net dress which is just single, do you think it is too thin to wear without some color under it, and what color would be pretty, and what kind of goods should I get?

WANT-TO-KNOW.

If you have a pretty white princess slip you need not wear it over anything else unless you want to. However, you could wear it over a white, pink or blue slip. This could be made out of china silk or messaline.

McDermott, Ohio, June 12, 1914.—Dear Miss Wise.—Is there a way to spell or has the words ever been used in writing, that is so often substituted by the careless speaker for yes and no, which is always spoken through the nose with the lips closed?

JAMES LONL.

I know what you mean, but can't spell it. It's something like a-hu and a-uh.

South Webster, O.—Dear Dolly.—Will you please tell me the recipe for making cold cream to

apply to make your face fat.

READER.

To fill out your face rub the skin, food for which I am giving the recipe into the skin, with the following movements: To treat the right cheek, place the thumb of the left hand just beyond the corner of the mouth on the left cheek as a brake. Make your rotary movements upwards and outward, beginning at the corner of the mouth and making three diverging lines of manipulation over the cheek. With the right hand treat the left cheek. Here is your cream which is called Cream of Sweet-Oranges (a skin food).

Sweet oil of almonds, 2 ounces. Orange flower water, 2 ounces. White wax, 2 drams. Oil of Sweet-Orange, 1 dram. Spermaceti, 2 drams.

Put half a ounce pan with boiling water. Sound a jam jar in this. Shred the wax and spermaceti into the jar. Let it dissolve. Heat almond oil and add to the wax. Heat orange flower water; add it half a teaspoonful at a time, stirring the mixture quickly. Lift the jar out of the water. Heat and add oil of sweet orange. Whisk cream until it is cold. Put in cold cream jars and it is ready for use. If anyone else would like to have this recipe cut it out, and preserve it, as it is too long to have to print over again.

LONGEST DAY OF YEAR

Did you think about it Sunday? Sunday, June 21, was the longest day of the year and the beginning of summer.

GOVERNMENT ANXIOUS TO FINISH POST OFFICE

Superintendent Sullivan, at the local postoffice, received word from Washington Saturday evening that the government had served the required right day notice upon Contractors Harmon Brothers, prior to the forfeiture of their contract. For additions and improvements to the building. This does not mean, however, that the contract will be forfeited as a matter of course. It signifies that the treasury department is dissatisfied with the delay in carrying on the work and unless it receives within eight days proper assurance that the improvements will be prosecuted in all diligence, it will take over the work and finish them in such manner as may seem best. The Harmon Brothers are evidently in hard lines and as a consequence progress on the additions to the local postoffice has been exceedingly slow and for some months back apparently scarcely any headway has been made. It is said local subcontractors and material men hold claims against the principal contractors to a total as great as \$14,000.

Mother Crazy, Baby Eats Poison Tablets

Albie, a 17-months old baby daughter of William Dixon, a housewife, almost died Sunday morning eating eight or more medicine tablets whether self-administered by the mother or given to her by an unbalanced mother is not known. The little girl is the only child of Mrs. Stella Dixon, a partially blind woman, who was adjudged insane and taken to the Athens asylum Monday afternoon. It was said the tablets which were supposed of an Indian herb doctor, were carelessly left within reach of the baby, the family living on a shantyboat, just below Madison street. Others suspected that the mother may have fed the child with the tablets. The timely arrival and heroic efforts of Dr. F. J. Kline saved the baby from dying. The child was removed by the father to the home of friends on Third street near Madison, Monday. She was considered out of danger but her environment were of a most shocking character. Hundreds of flies swarmed to be feasting on the limp and helpless form of the baby while several need women sat by smoking pipes and otherwise showing an indifference to her welfare. Slum workers or charitably inclined persons could not possibly find a more worthy object of care than this poor unfortunate baby.

Youth Arrested And Confesses To Crime

The mystery which for a time surrounded the robbery of the Tripp general store in South Webster Friday night was cleared up Sunday about noon, when Sheriff Eckhart arrested George Whitman, a local youth, on suspicion of being connected with the robbery. Within a half hour after his arrest Whitman had made a clean breast of his guilt, and had returned two revolvers which he admitted had been stolen from the Tripp store. Whitman is now being held in the county jail awaiting a hearing. Suspicion pointed to Whitman just as soon as the authorities learned that he had been in South Webster on the afternoon before the robbery. His father, Jack Whitman, a former Portsmouth bricklayer, now resides in that village. After a short search he was apprehended about noon Sunday in Tracy park, and after being taken to the county jail confessed his guilt. Outside of the revolvers, nothing was found missing from the store. Whitman has been in trouble several times since he was 13 years of age, and has served terms in the Boys Industrial school at Mansfield. About two weeks ago he voluntarily gave himself up to Sheriff Eckhart, claiming that he had violated his parole from the Mansfield Reformatory, but when the officials of that institution were notified they stated that there was nothing against him at that time. He will likely be returned to Mansfield as soon as his latest escapade is investigated.

WANTS TO DIVIDE O. S. LEAGUE SEASON

President C. W. Sturr of the new Paris, Ky., club in the Ohio State league, is endeavoring to have his fellow managers in the league agree to close the present season on July 4th and start a new season the following day. He claims that his team is so hopelessly in the rear that it will be hard to arouse enthusiasm in Paris over the league team. President Gleditsch of the local club is in receipt of a letter from Sturr which is the same as addressed to the other managers. Sturr wants a meeting of the league directors called within the near future to pass upon his plan, and it is quite likely that such action will be taken. If it is decided to start a new season, a post-season championship series between the two pennant winners will be played off in the fall.

He pleaded guilty before the mayor Monday morning, and was fined \$10, which he paid. James Funk, Martin Rader, and William Carr, three plain drunks, were each fined \$5 on their pleas of guilty. HEADACHE AND DIZZINESS

Headache is never a disease. It is always a symptom. Applications, powders and tablets that drug the headache into quiescence are treating the symptoms, not the disease, always a useless proceeding and often harmful. When headache is associated with dizziness it is usually the result of nervous exhaustion and will continue as long as the person who is overworked allows the debility to continue. It rapidly disappears when rest and the proper tonic is taken. Nervous exhaustion, the cause of such headaches and dizziness, results from a strain on the nerves with which the rebuilding work of the blood is unable to keep pace. The best tonic for such a condition is Dr. Williams' Pink Pills. These pills build up the blood and strengthen the nerves. With this treatment, unless the overwork, worry, or whatever has caused the nervous breakdown, is persisted in, the headaches, dizziness, nervousness and irritability that characterize neurasthenia rapidly disappear. The Dr. Williams' Medicine Company, Schenectady, N. Y., will send free on request a helpful little book on the home treatment of nervous disorders. Dr. Williams' Pink Pills are obtainable at any drug store.

POOR OLD FATHER IS SCARCE REMEMBERED

Sunday was set aside as Father's Day and an effort had been made to arouse a little enthusiasm in favor of millions of perfectly good and kind fathers in this country, but somehow or other the public refuses to endorse the public refusal to endorse those over father. One would not have known that it was Father's Day Sunday had he not been so reminded by some kind individual, who, being in touch with the trend of events, Mother's Day is always celebrated with tender devotion and reverence, but Father's Day seems to come and go almost unobserved.

MINISTER'S AUTO IS STOLEN IN DAYLIGHT

An automobile thief operated in Portsmouth Saturday when a Ford touring car owned by Rev. J. W. Dunning of the First Presbyterian church while standing alongside the Damarin building on Court street was taken. Two Portsmouth sojourners in New Boston, Clark Hancock and Will Reynolds, of Chillicothe, pressed into a detective role by fate, were responsible for the recovery of the machine several hours later at New Boston while the thief was attempting to dispose of the car to Henry Hams, a saloon keeper. When the car was recovered the two front tires were found to have been torn off, the front axle bent, fenders crushed and the front of the machine otherwise damaged. Speculators claim that the driver squealed into a telephone pole in coming down the Munro's Run hill.

Discovery of theft of the auto was not made until late Saturday afternoon after Rev. Dunning had returned from a funeral. He hastily rushed to the sheriff's office to notify him of the loss. In dashing out Court street, Rev. Dunning attracted considerable attention and the loss of his auto was soon neighborhood gossip. Messrs. Hancock and Reynolds, recalling the attempted sale of a Ford touring car to Henry Hams, a New Boston saloonist, for \$150 jumped at the conclusion that it was Rev. Dunning's car they had seen the stranger trying to dispose of. Telephone communication to New Boston for a comparison of license numbers proved their deductions to be correct and in Sheriff John Eckhart's automobile, Rev. Dunning hastened to recover his car. The auto thief escaped. Sheriff Eckhart traced him as far as Seafordville and then lost the trail.

Takes Job With B. & O.

H. M. Patterson, a former Portsmouth machinist, who has been working in the C. & O. shops at Ludlow, Ky., has gone to Chillicothe to take employment in the B. & O. S. W. shops. J. D. Thomas, an N. & W. machinist, and two car repairers from here are also going to the same place Monday.

A spring attached to G. B. Spriggs' touring car was broken as the car was being driven around the loop near near Seafordville Sunday morning, and the car was brought to this city for repairs. Spriggs resides in Huntington.

Here From Cincinnati

Ed Reigel, traveling representative of the Palat Brewing company and a member of the city council of Cincinnati, was a business visitor here Friday. He and Albert Maier are warm personal friends.

Thomas Haggerty, a veteran of the Civil war and who resides on Thirteenth street, has suffered a stroke of paralysis and is in a very dangerous condition. His left side is affected and the paralytic stroke left Mr. Haggerty speechless. He is nearing his 75th year.

Two operations were performed at the Hospital Saturday. The victims were Miss Ruth Gillen, of Eighth street, and Jesse Johnson. Their conditions were reported favorable Saturday afternoon by attending physicians.

POISONED BY HOME MADE ICE CREAM

After eating ice cream they made at home Sunday evening, Mrs. Frank Stewart and two daughters, Helen, aged 11, and Marie, aged 9, became very ill. Their conditions soon became serious and a physician was summoned. He found them suffering from ptomaine poisoning.

SUNDAY SCHOOL ATTENDANCE

Summer vacations, which take many of the Sunday school scholars out of the city, is the main cause for the steady decrease in the Sunday school attendance. The record last Sunday, 2015, was low, but Sunday it went down to 5230, or one of the lowest marks of this year. Trinity still attains first place, with 1100 scholars. Next is the German Evangelical, with 313. First Baptist, 299. Grandview Ave. Christian, 212. German M. E., 200. United Brethren, 192. New Boston Baptist, 158. Kendall Avenue Baptist, 144. Hutcheson St. Baptist, 131. Terminus, 102. New Boston Christian, 100.

NAUGHTY BOYS MUST NOT SWIM UNLESS THEY WEAR PANTALETTES

Police have put a stop to the practice of boys swimming at the "edges," and only in Nature's park. So many complaints were received Sunday from persons who sought enjoyment on the Ohio river that the auto patrol, loaded with officers, was sent to the scene to investigate. Five young men, whose names were not taken at headquarters, became unruly when the officers arrived, and had to be taken to police station, where they were released with a lecture from the mayor. The balance of the gang of youths were notified to don bathing suits when they wanted to enjoy a swim.

Chautauqua Will Soon Be Reality

Doubtless much interest will be shown in the arrival of a Chautauqua here this summer. Within a very short time season tickets will be placed on sale for the second day program to be furnished by the Redpath Chautauqua of Columbus, O.

The large tent, which will house Chautauqua patrons at each session, is 90 ft. wide and 130 ft. long. There will be flags and banners floating from every pole and a large canvas fence will be arranged around the Chautauqua grounds.

There will be a marked difference, however, between the atmosphere of a Chautauqua and that of the ordinary traveling show. The Chautauqua crowds are made up of college men, many of whom are working their way through school.

The coming of a Chautauqua to any community means much, not only to commercial interests but also along lines of education. Many reform movements, which have swept the country have had their real beginning on the Chautauqua platform. At one time there were no less than forty Congressmen who were giving part or all of their time to the Chautauqua.

Every person should take advantage of this opportunity to learn their true condition. A permanent cure is what you want.

Hydrocele, Varicocele, Hernia, Stricture, Piles and Fistula

VARICOCELE—HYDROCELE.

Impaired circulation. I daily demonstrate Varicocele and Hydrocele can be cured in select cases by one five days, painless, swelling subsides, a healthy circulation is re-established, instead of the depressing conditions.

BLOOD POISON.

It is well that all men know the consequences and after-effects of this terrible disease, and especially if it is improperly treated. This disease is of a specific nature that manifests itself, first, by an itchy, swelling of the lymphatic glands and falling out of the hair. I stop the progress of this disease, eradicate every vestige of the poison from the system, and my disease, eradicate every vestige of the disease. My treatment and cure is no new discovery with me and has long since passed the experimental stage. I wish to warn the unscrupulous, etc. You know this is unscrupulous and extravagant claims of patent medicine and system of cure which might give temporary relief, but no permanent cure. What you wish might give it to you. Under my treatment the cure is permanent, the external symptoms in a few days disappear, while the blood, the tissue, the nerves, the bones and the whole system is cleansed, strengthened and restored to perfect health and purity.

SPECIAL NOTICE FOR MEN AND WOMEN.

As you will certainly not be cured by any more money if not cured, I believe that your condition will not yield readily to my treatment. I will be honest with you and tell you so and not accept your money under guarantee of a cure.

I wish to say that I am against high and extortionate fees charged by some doctors and specialists. You will find my charges are for cures only, and they are always reasonable and not more than you are willing to pay for skilled and efficient treatment. Childrens Day At The 1st Baptist

A fine program was put on at the First Baptist church in observance of Children's Day.

The primary class put on several numbers, which was a surprise and delight to the parents and members of the church. How well these little tots took their parts, under the direction of their teachers, Miss Kramer and Mrs. Pearl Newman, and credit is surely due these teachers for their patience in instructing the little ones.

Any person who over attended services at the Baptist church knows that singing is a delight to all who come. Singing with the lips does not go. It is with their hearts that the Baptists sing. Even with the little ones singing is a delight, as may be seen by the following program:

Song—Primary Class, Mrs. Ball at piano.

Recitation—Martha Barklow.

Solo—Miriam Pyles.

Recitation—Walter Gower.

Exercise—"A Day in Palestine," by 10 girls of Primary class, assisted by Mrs. Pearl Newman.

Solo—Miss Edith Miller; piano, Miss Alma Miller, "Jesus Loves Me Too."

Solo—Mabel Bennett; piano, Mrs. Ball.

Song—Primary class; piano, Mrs. Ball.

NEGRO COCAINE SELLER IS CAUGHT BY POLICE

Acting on a request from Chief of Police Sam Davis, of Huntington, W. Va., the local police late Saturday evening arrested Fred Waddell, a former local negro, on a charge of selling cocaine without a license. The Huntington authorities were notified of the arrest, and an officer will arrive Monday afternoon to take him back to that city for trial.

Waddell has been in Huntington for some time and left there Saturday afternoon when he learned that the police were after him. He was in the custody of the police within a short time after his arrival.

5,000 AT PARK

The cooling breezes that swept over Millbrook park, combined with a band concert by the River City band, were the magnets that drew some 5,000 people to Millbrook park Sunday evening.

The Casino was completely filled, and several thousand people circled the play house in order to hear the concert rendered by Prof. George Kail's band. The night was one of the warmest on record for Millbrook, as usually no matter how warm it is down town, there is always a refreshing breeze sweeping over this pretty park.

**Contractors Slow
Starting Work**

City officials and the agents of the John H. McGowan Company of Cincinnati are fretting over the delay that is being practiced by the John W. Danforth Company, of Buffalo, N. Y., in starting to work on its contract to install the steam-fitting at the new water works. The Danforth company was awarded the contract by the McGowan company, which company sublet portions of the work covered in the general contract.

The officials of the Danforth Company were notified two weeks ago that the work had progressed far enough for them to make preparations to begin their part of the work, but so far nothing has been done to indicate that they intended to begin work. It was hoped to have the different kinds of work completed at about the same time, but the delay of the Buffalo company will necessitate a change in the original plan. A strong effort will be made to have the work started during the coming week.

Chief Engineer George P. Shute stated Saturday morning that the delay would not necessarily cause a postponement of the plant's operation, as there is considerable other work to be completed before the plant will be ready to start. He also stated that, in his opinion, the plant would be ready for operation about July 15th, which was the date announced some time ago. This statement, however, was made on the condition that the Danforth company would have men on the ground within the next few days.

**Will Have
New Office**

Fred N. Tynes has a force of men equipping his new office on the second floor of the Columbia theatre and in a few days he will conduct all of his business from this office. Mr. Tynes has charge of the Portsmouth Billposting company and its affairs will be conducted from his new office. Mr. Tynes has had a suite of rooms on the second floor of the Grand Opera House building.

**SALTS FINE FOR
ACHING KIDNEYS**

We eat too much meat, which clogs kidneys, then back hurts and bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatism, twinges, torpid liver, and stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Epsom salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flesh, clogs kidneys and stimulates them to normal activity. It also neutralizes the acids in the urine so it no longer irritates.

Thus ending bladder disorders. Epsom salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious kidney ailments. A well-known local druggist says he sells lots of Epsom salts to folks who believe in overcoming kidney trouble while it is only trouble.

LOCALS MADE IT TWO IN ROW FROM THE "CUBS"

Won Sunday's Game By Score Of 5 To 2, Meyers Did Nobly

Mayville, Ky., June 22.—(Special to The Times).—The ex-champs of Portsmouth made it two in a row from the Durham Cubes Sunday afternoon, winning by a score of 5 to 2. In one of the best games of the season. The visitors, who simply swamped the locals in Saturday's contest, 15 to 2, came back today for five hits, sending across three runs and clinching the game right off the reel. Every man on the Portsmouth roster secured at least one hit with the exception of Gossett, who failed to hit one in safe territory. Meyers, who worked for Portsmouth, was practically unhittable, allowing a hit now and then simply out of courtesy to the Cubs, who secured but four hits, one of which was a home run drive by Donovan in the ninth inning. Donovan finished a high fly to left and Gossett, in making a spring, went to the end, the ball bounding past him for the entire circuit.

The visitors played a swell game in the field and deserved the victory. They needed this game to break even on the trip and they lost no time in saluting it away. Meyers put something on every team that he could place and out-slaved a hit now and then simply out of courtesy to the Cubs, who secured but four hits, one of which was a home run drive by Donovan in the ninth inning. Donovan finished a high fly to left and Gossett, in making a spring, went to the end, the ball bounding past him for the entire circuit.

Waverly Too Much For Lucasville Lads

The Lucasville nine under the management of Dr. Dutton, lost a double-header to the Waverly team at Waverly Sunday afternoon. The first game went into the twelfth inning, the Lucasville team being out of the game in the eighth inning when one of the Waverly players cleaned the socks with a four-ply shot, then took up the hitting and finished the game. Bratton was on the receiving end for Lucasville, who played a fine game outside of the bases. Smallwood and Keyser were in the points for the winners.

Martin and Crabtree formed the battery for Lucasville in the second battle. McGary, from Jasper, Va., worked for Waverly in the second game. Keyser was behind the plate. The Lucasville team well took up with the Waverly team next Saturday.

"EX-CHAMPS" HOME FOR LONG STRETCH

Portsmouth at home at Chillicothe, June 22 and 23. Mayville, June 24 and 25. Dayton, June 26 and 27. Huntington, June 28 and 29. The above is a schedule of the games to be played at Portsmouth during the next ten days. Chillicothe plays today and Tuesday, and is then followed by Mayville, Paris, Ironton and Huntington in the order named, each team playing two games.

The Cubs now have a chance to show their loyalty. Of late the attendance, while perhaps the best in the league, has not been what it should be. The team is playing long up ball, some tough luck in the ninth inning, keeping the boys down below the top. However, with the present long stretch of home games the ex-champs expect to battle down all opposition and be champion in the top time when July 1 rolls around.

Thanks to the liberal policy of President Robinson, every day with the exception of Saturdays and Sundays will be a "Bull" day, all women being admitted to the grounds. Freebies, Willard, Phonographs and Lindbergh, which will cost one throughout the ball game of the season, and will no doubt be a great success. The "Bull" policy will cost one throughout the ball game of the season, and will no doubt be a great success. YANKEES AND CLIPPERS QUIT GAME IN A ROW

The game between the Clippers and Yankees, postponed at the Springfield grounds Sunday afternoon, broke up in a row at the fifth inning with the score 3 to 4. Because of darkness on the part of the Yankees, the game was called at the fifth inning. The Clippers, who were leading 3 to 0, were out of the game in the fifth inning when one of the Yankees players cleaned the socks with a four-ply shot, then took up the hitting and finished the game. Bratton was on the receiving end for Lucasville, who played a fine game outside of the bases. Smallwood and Keyser were in the points for the winners.

Babes Came In Sunday

The Chillicothe Babes arrived in the city Sunday evening from Ironton. They broke even on this invasion of Ironton, losing Sunday 1 to 2, and winning Sunday 1 to 2.

Buckeyes Humbled By Columbus Team

Bower's Easterns, a colored nine hailing from Columbus, administered a beating to the Buckeyes at Millbrook park Sunday afternoon before a crowd of 350 fans who pulled hard for the locals to win. The Easterns are a hitting bunch and they landed the ball to all corners of the lot, coming out on the long end of a 16 to 7 score. Hanson, who started the game for the Buckeyes, left the mound in the fourth inning, Smith taking up the pitching. Six runs were secured after Smith was away to do the twirling. Peterman, who pitched for the Capital City lads, was a regular bearcat, striking out eight of the Buckeyes and letting them down with seven hits, several of which were scratches. The hitting of Sanford and Butler, of the Easterns, was the feature of the game. Sanford, who is fat and chubby and who resembles a butter ball, got four hits out of four trips to the plate and stole a base. Although his weight is against him, he covers acres of ground. Butler, who also played a fine game, it could be safely said that it was not the fault of the umpire that the locals did not win. Lee, who started the game in right for the Buckeyes, was brought down from Huntington for this game, but he was of very little use. Several of the young lads in the North End have all over Lee when it comes to real baseball.

Bohemians Easy For Fullerton Team

The Fullerton team upheld their reputation of being one of the best amateur teams in this section of the country by completely outclassing the Bohemian club at Seaford park Sunday afternoon before a crowd of 300 fans. The Fullerton boys played their usual one game, full of snap and ginger, behind the excellent pitching of Borders, while the Bohemians put up a back-yard game and seemed to be completely bewildered before the terrible onslaught of the Fullerton team.

Thomas, who started the game for the Bohemians, was knocked off the mound in the second inning, while Sam Meyers, who took his place, fared no better. The Fullerton team settled to work for 19 hits, good for 10 scores.

The Fullerton team to date has won 13 games and lost but three, which is sure record to date for the team. They also wish to challenge any amateur team in Portsmouth and vicinity.

Plumbers Victors

The Plumbers won their first game of the season Sunday morning when they trounced the Electrical Workers in the time of 7 to 2 on the Spiders' grounds. Bassler and Brennan formed the battery for the Plumbers. Meyers and Evans were in the points for the losers. Evans was later replaced by Price. The outcome of both pitchers was the feature of the game. Meyers struck out 11 men while Bassler pitched out a made eight whiff. It was only a seven-inning battle.

LOCAL FANS SAW GAME

Quite a number of local fans went to Ironton Sunday and glimpsed the Chillicothe-Ironton game. The Babes, who were leading 5 to 0, were out of the game in the first inning when one of the Baptist players cleaned the socks with a four-ply shot, then took up the hitting and finished the game. Bratton was on the receiving end for Lucasville, who played a fine game outside of the bases. Smallwood and Keyser were in the points for the winners.

HARRISONVILLE VICTORIOUS

Harrisonville won from Maabes ten runs in the Harrisonville diamond Sunday afternoon by a score of 11 to 0. (Continued from Jackson, O., twirled for Maabes' lancers and was knocked out in the fourth inning. Cronk was on the receiving end for the losers. Peterman, a fat in short trousers, did the twirling for Harrisonville and pitched games around his opponents. His pitch was the feature of the game. It was the first game the Harrisonville team has played in their new home grounds. Harrisonville will meet a fast team from Seaford next Sunday at the Harrisonville diamond. They had the catching for the winners.
